08/03/2023

A report has been drafted including the synthesis and results of this evaluation.

Julien Nizri
General Manager of AFNOR Certification

This certificate covers only the field and perimeter indicated on it. It is non-transferable and cannot, in any way, be unilaterally modified or altered. This attestation represents a positive assessment of a device at a given time and not a certification, guarantee or notification of compliance with the requirements of legislation or regulations enacted by a national or international administration. The organization may not claim that it or its products/services are in conformity with the legislation and/or regulations by the mere fact that it holds or has this attestation. The organization undertakes to refer to AFNOR Certification's interventions and to this attestation only in compliance with the principles of clarity and sincerity and to take all measures to avoid any confusion.
